

2012 COLOR COMBO IDEAS

The colors shown were developed for the wedding industry by Michelle Mospens of MyPersonalArtist.com. She has researched wedding color trends for over 11 years. Each year, all colors are carefully chosen according to Michelle's previous year of color research. Remember, not all colors are available in every detail you would love. Don't fret. Mix and match what YOU love. Enjoy and create the look you love with what you have. Cheers!
